

Manual Test Plan for GUI

1. Upon opening the app you should see an empty list and an add button (Figure 1)
2. Upon clicking the add button, the user should be able to create a new study session (Figure 2)
3. The user can change time for the study session and set a recurrence/end date (Figure 3, 4, 5)
4. After clicking the “check” button on the action bar, the main activity with the newly added study session is shown (Figure 6)
